It is of vital importance for women to know that the health of mother and child is in general entirely within woman's control. The thousands of women who have used Dr. Pierce's Favorite Prescription when expecting motherhood, have testified that it made them healthy and happy in the days of waiting, made the baby's advent practically painless, and gave them health to give their children.

dren.

Mrs. W. J. Kilder, of Hill Dale Farm (Enosburg Center), Rhosburg, Vt., writes: "During the past year I found myself expecting maternity, and in rapidly failing health. I suffered freachfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. Took twelve hottles of Dector Pierce's Favorite Prescription, and also followed your instructions. I began to improre immediately, my nealth became excellent, and I could do all my own work (we live on a good sized farm). I walked and rode all I could, and enloyed it. I had a short, easy confinement and have a healthy baby boy."

NEGROES TAKING STRIKERS

PLACES. The widespread disturbances in Leb anon, Pa., caused by the demonstration against the negro laborers employed by take the place of the strikers has resulted in the ordering of troops to Lebanon. The city was in a state of excitement all night. There was firing of pistols for hours in the vicinity of the iron and steel works, where the strike is in progress. The negroes, who had just arrived at the works, were terrified, as were the resideats in the vicinity. William Hoffman, aged 17, was shot, and he died in the hospital later. He was a messenger in the office of the American Lean and Steel Company and American Iron and Steel Company and had attended an entertainment in the Opera House. On his way home be was struck by a bullet. The steel plant was surrounded by a threatening crowd yes-terday. The streets were filled with excited people and the plant of the American Iron and Steel Company was under guard. The feeling is bitter against the colored iron workers carried to Lebanon from the south, and there are threats that they will be violently treated and driven out of this section. A self-constituted committee of Lebanon residents waited upon the governor and earnestly requested that he furnish military protection. They explained that the civil authorities were unable to maintain order. After a long conference with the

governor, attorney general and adjutant general Governor Stone ordered General Gobin, who is in command of the troops in the hard-coal strike region, to send the First Battalion of the Twelfih Regiment to Lebanon. The battalion, which has been on duty at Shenandoah, reached Lebanon about 8 p. m. The steel workers at Lebanon went on strike May The puddlers asked for an advance down.

were passing through Tamaqua on their way to Olyphant, one of the officers said: The Thirteenth Regiment was ordered out last night, and is now in the field. I am in a position to say that Governor Stone is now going to furnish every colliery and every man who desires to go to work adequate protection, even

to have that body investigate police mat-ters, as well as others affairs of the municipal government. This sentiment has grown because of the seeming unwillingness of the board of police commis-sioners to probe into the matter, their idea being that the entire affair has ended with the conviction of the gamblers and the nominal fine imposed. But a large portion of the public is not satisfied with the result, as at present reached, and do not consider that the question has been settled. The fight was rather one against the methods of the police department than against the gamblers them-selves. At least that is how the public understood it. Thequestion with them was why had not the laws been inforced by the police department. This question is still an open one, and the more per-sistant will not be satisfied until it is sat-isfactorilly ansewered. Judge Witt said yesterday that under his charge to the grand jury that body had a right to investigate any municipal matter, which, of course, included the police depart-ment. Moreover, Judge Witt declared AND PLANING MILL.

We Wish to Announce

to the people of Alexandria that since the purchase of the Alexandria Steam Bread Bakery by ourselves on June 14, 1902, we have spared no pains or expense in going over this plant and putting it in thorough condition. We now state, without fear of condradiction, that we have as UP-TO-DATE a bread bakery as exists in the United States. We are employing Alexandria bakers who are unexcelled in the art of making bread; and it will be our purpose to see that nothing is used in the manufacture of bread except the very best of all materials. In this way we expect to give to the people of Alexandria better bread than they have been getting. We ask all of our citizens who wish to encourage Alexandria enterprise to insist on the grocer giving them Alexandria Steam Bread Bakery's Bread. 1 1 1 1 1 1 1
